“ *I was not aware at the time of her passing. I am saddened that I missed the opportunity to honor her life and pay my proper respects to the family. However I will always remember our special talks which were mostly about her late husband and the joys she experienced in her early life and with her children when they were young. She was a great story teller and she really loved the Lord. She has made it home .. To be absent from the body is to be present with the Lord. I'll see you when I get there Mrs Booker. I know you are resting in peace. To God be the glory for all He has done. Scheryl*
