“ I worked with "knock" back in 1989 in New Brunswick, NJ and we became close friends. He treated me to my first all you could eat lobster dinner. One of the best sit down dinners I ever had. We tried starting our own handyman business doing miscellaneous jobs. I remember we painted one of his family members hair salons. He used to tell me stories about his days playing football. I moved to Florida in 1990 and tried staying in touch with him but life throws us all curve balls. I have thought about him often over the years. He was truly a good man. I wish I could have spoken to him or seen him versus finding this. God bless him and his family and may he rest in peace with the lord. Kurt G
