“ *Michael, you don't know how much I enjoyed and cherished the video call that you set up for Ethel and me. It was great to see both of you. It had been so many years. I just think about that all the time. I remember when you showed me Ethel's African Violet plant on video. I was sorry to see it was dying. My plant is doing well and I have named it Miss Ethel in her beloved memory. I love you, Ethel.*

*God needed a new gardener in HIS garden. HE selected my dear sister Ethel.*
