“ *My heart is with you all at this time of my special friend / sister HOME GOING . She taught us all so much but most of all she taught us the True Meaning of Family . She truly has left footprints on our hearts . The memories she has blessed our lives with are so priceless. She was a one of a kind .. Give her whole heart to family and friend. Taught me about living in Baltimore from a girl who had not a CLUE. And no matter what any of us needed we all knew there was always room for one more on her bed . Know your all in my thoughts and prayers at this time and so wish I could be with you all . Just know as she was there for each of us no matter the day or time of day . I am here for you all . Be proud you all made her so happy . Good times Sad Times Happy Times or Bad . She was the Foundation of this family . Now she is with us all in so many things we do and say .I know she has Totally made a impact on my life and I for one know my life will a little bit less special on earth but know she is with her Lord that she loved so very much and one day we will meet again. Sending you all Love and Prayers .*
