“ I worked with Jessie for 18 years at Saint Peter's. She was an amazing Nursing Assistant on Pediatrics. The families would always rave about Jessie and the great care she took of all of our patients, especially the babies or patients who didn't have parents with them. Jessie always gave the utmost in care to all of the patients and went above and beyond for the unit and for her colleagues. Even during snowstorms, she would still make it in to work and would have all sorts of fits if we tried to send her home because we wanted to get her home before the roads became treacherous! We would always discuss cats over lunch or a cup of coffee as she always got a kick out of stories about my cats and their antics. I was just thinking about Jessie recently as I was looking at a soup tureen in my China cabinet that I got from Ms. Jessie as a Secret Santa gift at work years ago and I was thinking of calling her to catch up and maybe take her to lunch.

Jessie, you will be richly rewarded for your kindness and big heart and all the good you have done for people over the years. I'm sure the good Lord welcomed you with open arms in his kingdom. Rest In Peace, my friend. We love you!

~Debbie Carl, Pediatrics RN from Saint Peter's
