“ My nana, the one they say we look just alike. Her genes are super strong because my baby girls also look just like her :). I will forever cherish our memories, especially when it comes to baking. She would make about 24 chocolate chip cookies for us and have plenty left. But it was never too much for nana because she would tell us “we not done” lol. We have to make sugar cookies, and strawberry cake and much more. I never thought I would be tired of eating sweets as a child. If you knew my nana you would know she loved to bake. She also taught me how to make banana pudding. With her recipe, everyone always ask me to make it every holiday. Now when someone ask I will actually say yes this time lol just because it reminds me of my nana. I will miss you nana and I am at peace knowing the conversations we had before GOD called you home and how you didn't let cancer steal your joy. You will forever be in my heart ❤️ I love you.

“ Hi my name is Winifred Burney I am Levette's best friend. I and every one who knew her called her Linda. We were sooooooooooooo close she had my back and I had hers. In 2019 she planned my bridal shower and my wedding. Linda was the type of person that put her all into what ever she did. We talked everyday and always ended our conversations with I love you. I feel her sweet spirit with me since the day she passed. We both love God so much we praised him everyday together. I 💕ve you Linda and I will see you in Heaven one day love always your Winnie the pooh
