“ *To the children and family of my dear friend Mariette my deepest condolences.*

Mariette and I were friends from school days hence when my first daughter Merrill was born she stood at the altar with me as one of her Godmothers.

Even though we both moved overseas we still remain in contact with each other and every August Monday we will meet at her home then go to the beach to enjoy the boat races and chat and tease each other which leaves us laughing.

Mariette will be greatly missed. May she Rest In Eternal Peace.

Godie Mariette never thought that when you last visited Anguilla it would of been the last time I see you and chatted with you. Your jokes always had me laughing and I loved spending whatever little time with you.

You will be greatly missed especially on August Monday down by the beach.

You are another one of God's Angel fly away peacefully into paradise to meet your Saviour.

“ First, I would like to extend deepest condolences on behalf of my family to Mariette’s family on her sudden passing. Little did I know when I took her shopping just before she went to New Brunswick, that would have been the last time I saw her. We grew up next door to each other in Anguilla. However, it seemed like we were more relatives than neighbors. We got even closer during the last few years as I used to take her shopping. She also checked to see how I was doing when I started to experience some health challenges. She even called me two weeks before her death to see how I was doing. Not only that, she told me how to cook souse and called me to see how it turned out.

Please know that this is just a physical parting from your mother, sister, and aunt. Granted it is hard because of the suddenness. Continue to treasure your memories of her. Rest assured, we will meet again some day in heaven.
