

## Michelle Kirkland

February 18, 1960 - January 2, 2025

Michelle Kirkland was born February 18, 1960, at St. Peter's University Hospital, New Brunswick, NJ. Her first home was 28 Roosevelt Avenue, New Brunswick NJ. When she was 8 years old her parents and two little brothers moved to 422 Magnolia Street, Highland Park NJ. Seven years later Michelle's mother moved her and her brothers to New Brunswick to live with her grandparents.

While living in New Brunswick, Michelle learned her core values of valuing the family dynamic and walking the righteous path from her grandmother. She attended and graduated from New Brunswick High School. In her later years of high school and young adulthood, she juggled a few office cleaning jobs alongside her mother. Michelle managed to take care of grandmother, attend College night classes and managed to work her cleaning jobs as well. In the midst of her juggling many things, she birthed and raised one son and one daughter single handedly.

Michelle always tried her best to walk the righteous path, which was not always the path of the popular. In her final five or so years, she battled and fought the good fight under the care of a couple nursing facilities. In the later years of her journey, she resided at Alaris Health at St. Mary's, where she made many friends and loved ones. Michelle transcended to the afterlife after a long two month fight between the home and hospital where she passed at

Care Well Health Medical Center of East Orange.
