“ *Mr. William Louis Dunbar was an exceptional educator and visionary. I will never forget the student centered innovative events he created for New Brunswick Students. The Martin Luther King Players was an incredible avenue for students to perform and become master orators and achievers. The Miss Black Experience gave our females the opportunity to celebrate their beauty and display their talents. The productions Mr. Dunbar created enhanced the lives of our New Brunswick students. He was able to give our students a sense of prestige and pride that carried them through out their lives. Our students had the opportunity to travel all over the country performing and visiting HBC's which ultimately lead many students to have successful college and career jobs.*

*Mr. Dunbar was a unique individual with many attributes. His heart and soul was always with the students. I will miss him dearly.*
